### LIGHT CRIMINAL BUSINESS

But Orange County Court Disposed of Many Divorce Cases.

Chelsea, July 12.—The June term of Orange county court took its final adjournment Wednesday morning, July 7, having been in session 33 days. An unusually large number of cases were disposed of by trial or settlement during the term.

The work of the last week was the hearing of court, chancery and divorce matters. Of the latter, bills were granted in the following cases: Cherie B. Johns vs. Heman W. Johns, bill granted for the cause of intolerable severity; M. M. Wilson for the libellant; Elizabeth M. Hill from Fred Curtis Hill, bill granted for refusal to support; R. M. Harvey for the libellant; Sadie H. Coleman vs. William Coleman, bill granted for desertion; D. S. Conant for petitioner; Jennie M. Ward vs. Harley Ward, bill granted for desertion; D. S. Conant for petitioner; LeRoy A. Richardson vs. Louetta F. Richardson, bill granted for intolerable severity; Wallace Bitchelder for petitioner.

The criminal work was unusually light and no respondent was sentenced at this term to any penal institution nor were there any respondents placed on probation. This was the first term Judge Slack of St. Johnsbury had presided in this county and he was universally liked as a presiding judge and made many warm friends throughout the county.

Mrs. George Annis of 5 Church street suffered a compound fracture of the right wrist when she fell from the veranda at her home Saturday evening and struck on the steps. With members of the family and friends Mrs. Annis had been sitting on the veranda during the evening and it was when she arose to go into the house, that she lost her balance on the edge of the veranda floor and could not save herself in time to avoid striking heavily on the right arm. Dr. G. G. Stakney was called and he reduced the fracture. The break was of a very painful nature, as one of the wrist bones was found to have protruded through the flesh. To-day it was stated that Mrs. Annis was resting fairly comfortably. She will be compelled to carry the injured member in a sling several weeks.

At the end of the first 10 days of July, upward of 250 fishing licenses of five kinds have been issued from the Barre city clerk's office. The larger proportion has gone to vacationists about to leave on camping trips, while a number are taken out by business men and others who usually get away for a half day or so at the brooks and ponds. The combination license, which permits the holder to hunt and fish, has proved popular with a certain class of sportsmen, but the \$10.00 license, which non-property holding sportsmen must take out, has not been so successful by way of the application. Each autumn, as hunting time approaches, there is usually a number of such licenses granted, but people who come under the \$10.00 class are seldom anxious enough for angling to pay the long price.
